Ponteland Academy is committed to safeguarding and promoting the welfare of children and young people and expect all staff to share this commitment. An enhanced criminal records check is required for this post. Reference checks will be requested for all short listed candidates.

The Trustees of this highly successful Middle School wish to appoint a Primary Teacher to the new Ponteland Community Primary School.

Ponteland Middle School is recognised by Ofsted as Outstanding in all areas (2008; 2013) and holds a number of nationally recognised awards including Sports Mark Platinum. Ponteland Middle School is proud to be a Teaching School, offering school to school support to schools across the Region and the School Direct programme in Primary and Secondary.

Required from September 2020, we are seeking to appoint a teacher who is passionate about learning; has commitment and expertise; and who will enthuse and motivate both teachers and pupils. Following our transition to a primary school, we are keen to build capacity within school and employ a highly motivated KS1 teacher. This is a full time, one year post [in the first instance] which would suit a newly qualified or an experienced teacher and it would be helpful if applicants could state their curriculum strengths and expertise.

We have high aspirations not only for our students but also our staff as well and we invest in professional development opportunities to enable staff to flourish, and contribute to the vision and development of the school.

You will be an outstanding practitioner, committed to continual improvement, promoting an ethos of enjoyment, challenge, attainment and achievement.

Knowledge of, and experience in, ICT is expected as we have Interactive White Boards in all classrooms and use SIMS rigorously.

The successful applicant will be an excellent teacher and will be expected to make contributions to our school, academy vision and School to School support.

We look forward to welcoming you at our school.
