

Year 6 English

Year 6 pupils at PCPS have access to a variety of online resources to support our English curriculum – we would suggest **Reading Plus** and **spag.com** activities should be prioritised.

Pupils should be reading daily at home for 30 minutes. They can access a range of books online at www.oxfordowl.co.uk using the 'My Class Login' username *Year6PCPS* and the password *Ponteland*. Books can be selected by age group.

login.readingplus.com – pupils have been given individual log-ins and passwords. Our site code is RPPONTE.

Pupils will be set tasks each week related to spelling, punctuation and grammar on www.spag.com – they have been given individual logins and passwords.

If they have been given weekly spellings (set on Fridays) pupils should practise the spellings throughout the week, focusing on the letter combinations and patterns. They may want to use spellingframe.co.uk – we do not have a school account and the spellings can be practised using the 'free Practice/ Test' section.

Pupils also have an account with Self-Learn Read and Spell: www.selflearnreadandspelluk.com

In the event of remote learning, English work will be added to Google Classroom which pupils access via www.school360.co.uk – pupils are also using this regularly for homework and accessing spelling lists and useful website links.
