'... in order that they may have life and have it abundantly.' (John 10:10)

Three Primary Teaching Posts for September 2023

We welcome applications from inspiring and enthusiastic individuals with Nursery, KS1 or KS2 experience to teach across our school. Applications are also welcome from both primary and secondary trained teachers the posts may also be suitable for ECT colleagues. Visits to the school are strongly encouraged, please arrange via the school office. Please state your curriculum strengths within your applications as we are looking for teachers with specialisms to complement our excellent staff particularly in English but not exclusively.

Ponteland Community Primary School is a unique Primary School and our curriculum is focused on specialist teaching with teachers being able to teach in their strongest curriculum areas. We have an academic focus at its heart and balancing this with, opportunities in abundance. Our children receive high levels of challenge in their lessons and homework. This is supported with first class interventions delivered by all our staff. We passionately believe in promoting physical education, languages and STEM through our thriving extracurricular programme, as part of our extended school day. We are an 'outstanding school where children thrive' [Ofsted 2008, Ofsted 2013]

The character traits our children present are very important to us. Therefore, we give our pupils the opportunities to show commitment, determination, resilience and independence, whilst expecting them to be kind and considerate to one another. We foster leadership through the use of our house system and ambassadorial roles throughout the school. Our children open doors for one another, they say 'please' and 'thank you.' They address staff and each other with mutual respect. During lunch, we eat and work with our children to ensure they demonstrate appreciation, manners and gratitude. This is all part of the way at Ponteland Community Primary School. I expect that our teachers teach from the front with excellent subject knowledge. Our classrooms are arranged to allow our children to maximise their learning, skills and core knowledge.

We take as our vision from St. John's Gospel:

'... in order that they may have life and have it abundantly.' (John 10:10)
